SENDS URGENT NOTE

GREAT BRITAIN INFORMS RUSSIA
OF ATTACK ON BRITISH
FISHING BOATS.

SITUATION BROOKS NO DELAY

CZAR'S GOVERNMENT TOLD THAT
REPARATION MUST BE MADE
IMMEDIATELY.

BRITISH PUBLIC STILL CALM

BUT WARSHIPS OF THE WORLD'S
GREATEST NAVY ARE PRE-
PARING FOR ACTION.

London, Oct. 25.—Great Britain Monday sent a long and urgent note to the Russian government officially detailing the circumstances of the amazing and unexplained attack by the Russian Pacific squadron during the night of Oct. 21 on British fishing boats in the North sea. The text of the note has not been given out, but it is officially stated from the foreign office that it contains the significant announcement that "the situation is one which, in the opinion of his majesty's government, does not brook delay."

Meanwhile the conservative public and press are remarkably undemonstrative. As usual the jingo element demand war, and even in official quarters some go so far as to say that it may be necessary to stop the Pacific fleet pending a settlement of the whole affair, though this extreme measure, it is believed, will not be necessary. Everywhere there is evidence of the very positive opinion that this is no time for the usual diplomatic dilly-dallying, that there must be no delay and no limit set by Russia to her apology or the extent of compensation for sufferers by what King Edward himself terms "the unwarrantable action" of the Baltic squadron commanders.

The king's message of sympathy to the mayor of Hull is signed by the king's secretary and is as follows:

"The king commands me to say that he has heard with profound sorrow of the unwarrantable action which has been committed against the North Sea fishing fleet and asks you to express the deepest sympathy of the queen and his majesty with the families of those who have suffered from this most lamentable occurrence."

British Public Resentful.

The deep resentment of the whole British public, however, is reflected by the incident at the Victoria station Monday night on the arrival of Count Benckendorff from the continent. There is no attempt anywhere among men of responsibility to magnify the occurrence into a deliberate act of war; but in view of the present inability to find an explanation there is being poured upon the heads of the officers of the squadron a flood of invective and insinuation, though incompetence first and thereafter complete panic is the most generally accepted explanation.

Thus far no official word has been received from St. Petersburg as to the attitude of the Russian government. The fact that it had been decided during the day to prepare a semi-official note expressing the regret of the Russian government and its willingness to make full reparation so soon as the responsibility is fixed was communicated by the Associated Press to Lord Lansdowne and was the first information on the subject he had received from St. Petersburg. The absence during the day of Count Benckendorff, the Russian ambassador, necessarily caused some delay; but the Russian charge d'affaires, who called at the foreign office on request by note from Lord Lansdowne, unofficially expressed deep regret, and, as far as it was possible for him to go, gave assurance of speedy action by the Russian government. Lord Lansdowne in this interview told M. Sansonoff, the charge, that he desired to see Ambassador Benckendorff Tuesday morning. Lord Lansdowne asked M. Sansonoff if he could offer any explanation of the affair, and the latter replied that he only knew what had appeared in the papers and that he had not received any word up to that time from St. Petersburg. Lord Lansdowne gave no suggestion as to what might be done in the matter.

Whole Affair a Mistake.

At the Russian embassy it was stated that "the whole affair was so obviously a mistake, from whatever cause, that Russia's course was plainly dictated, namely, apology and ample compensation."

All eyes are now turned toward St. Petersburg, awaiting word from the Russian government. The actual casualties during the one-sided bombardment off Dogger bank can be correctly stated since the arrival at London Monday evening of the carrying ship Swift, reporting the safety of the missing trawlers. She left the fleet at 10 a. m. on Oct. 23. Her captain says:

"The Russians gave not the slightest warning prior to the commencement of the firing. The admiral of the fishing fleet sent up a rocket warning, and then the firing commenced. He again sent up four greet rockets, but this only seemed to increase the fer-

ocity of the bombardment. The poor marksmanship of the Russian gunners was the only thing that saved the entire fleet within range of the searchlights and guns."

At the inquest at Hull Monday it was stated that one vessel, the Crane, was sunk, and that four or five were more or less damaged. In the statement of the coroner to the jury that official said it was a question of very grave and possibly international importance; but it would be their duty to find who were the murderers of the dead men. After the identification of the bodies the inquest adjourned to Nov. 2.

An ominous feature of the crisis is the fact that all over the world British warships are mobilizing and only awaiting the signal to again hoist the battle flag of Britain and sweep the seas of the Russian ships of war.

ONE RUSSIAN EXPLANATION.

Baltic Ships Only Fired After Being Attacked.

Rome, Oct. 25.—The Russian embassy here explains the attack of the Russian Baltic squadron on the Hull fishing fleet by the statement that a report had been received at St. Petersburg that the Japanese would try to injure Russian ships with explosives thrown from fishing boats. Indeed, the ambassador said, he suspected that the squadron opened fire only after an attempt had been made to attack some of the ships. It is said the Russian torpedo flotilla was told to redouble precautions and vigilance as an enemy had been signalled in the channel.

CALLS UPON AMERICA

GREAT BRITAIN SEEKING SUP-
PORT IN THE EVENT OF WAR
WITH RUSSIA.

Washington, Oct. 25.—England has asked America if she will back her in case of contingency in the far East.

BRITISH VESSELS UNDER ORDERS.

Must Be Ready to Go to England at a Moment's Notice.

St. Johns, N. F., Oct. 25.—The British cruiser Charybdis, Commodore Pagot, received orders last evening to be in readiness to proceed to England on a moment's notice. The training ship Calypso has been ordered to arrange for the mobilization of 500 men of the Newfoundland naval reserve. There is much excitement in naval circles here.

Victoria, B. C., Oct. 25.—It is learned from officials at Esquimalt that orders have been received from admiralty headquarters directing the immediate concentration of the entire Pacific squadron at Esquimalt. There is much activity at the naval station and imperial barracks.

NOW GROW NERVOUS

RUSSIANS ALARMED OVER THE
SITUATION ARISING FROM
NORTH SEA AFFAIR.

St. Petersburg, Oct. 25.—No official publication of the Russian explanation of the unfortunate affair off Dogger bank is forthcoming up to this time and the world must wait until some time today to hear Vice Admiral Rojstvensky's version of the firing upon the British fishermen. Rojstvensky has communicated direct to the emperor, but at 11:30 o'clock last night the admiralty announced that it had not yet received a report. At the same hour the foreign office issued a statement expressing the regrets of the government for the deplorable incident, but explaining that no formal action is possible until Admiral Rojstvensky's official report of the affair has been received.

While no formal action has been taken, the deepest regret is expressed in all quarters and the purpose of the government to make amends if Rojstvensky shall be found to have been in fault is proclaimed in every governmental department. Emperor Nicholas himself was deeply aggrieved when he heard the news while he was inspecting the cruiser Oleg at Cronstadt Monday and Foreign Minister Lansdowne expressed to Ambassador Harding his deepest personal regrets.

The Russian embassy at London has also been directed to convey similar expressions to the government of Great Britain. It is felt that this is all that can possibly be done pending the receipt of Admiral Rojstvensky's statement.

Horrible Blunder Committed.

That a horrible blunder has been committed is recognized and deplored everywhere and nowhere has an attempt been made to justify the firing upon innocent fishermen. It is felt that Rojstvensky is too good a man and officer to be summarily condemned. It is agreed that he is entitled to a hearing, but even the admiralty regrettably admits that it is at a loss what explanation could justify such an apparently coldblooded act as the affair is made to appear by foreign reports.

It developed during the day that the admiralty had strong reason to believe that an attempt would be made against the squadron during its passage through the great belt or the English channel. So specific was the information that even the present crisis has not diverted attention from the possibility of such an attempt being made. The failure of the steam trawlers with the nets out, not to ob-

the signals of the warships, or the nervousness of the officers, who imagined that the fishermen working on their nets were laying mines, may be responsible for the blunder.

It is expected the Russian government will voluntarily offer the fullest reparation. It is even hinted that the emperor today will send a formal message to King Edward conveying his profound sorrow for the incident and offering to make what reparation is possible as soon as the responsibility can be fixed.

In diplomatic circles the gravity and delicacy of the situation is recognized. Unquestionably nervousness exists, but in view of the sentiment in government circles here the feeling prevails that an amicable adjustment will be reached.

Three Men Killed.

Decatur, Ill., Oct. 25.—By the breaking in two of a Wabash freight train at Sanders Monday night and a subsequent collision of the two sections, three men, supposed to be tramps, were killed.

PROVISION SHIP DAMAGED.

Injury Probably Inflicted by Some Revengeful British Workman.

London, Oct. 25.—The steamship Esperanza, which is due to sail from Barry with provisions for the Russian Baltic fleet, was found Monday to be in a sinking condition, her hull having been pierced below the water line. The injury is not explained, but it must have been done Monday, and it is suggested locally that it is the wanton act of some man employed about the ship in resentment of the North sea incident.

Former Congressman Thomas Dead.

Prairie du Chien, Wis., Oct. 25.—Former Congressman O. B. Thomas died Monday after an illness of nearly a year. He was born in Vermont Aug. 21, 1832, and had been a resident of this city for sixty-eight years.

DEMONSTRATION FOR PARKER.

Crowd Cheers Democratic Candidate in New York City.

New York, Oct. 25.—Judge Parker was the center Monday night of the wildest and most enthusiastic demonstration that has greeted him in his campaign for the presidency. As the guests of the Tammany leaders of the East Side, the Democratic candidate for president and William Travers Jerome, the district attorney, attended the performance at the Grand Street theater, and later a dinner at an East Side restaurant near by. The theater was crowded from the ground floor to the top balcony and the streets for blocks around were so congested that a reserve force of police was required to open a passageway from the theater to the restaurant. In the theater the applause was so great that the performance was stopped for twenty minutes with the cast of the play unable to proceed or leave the stage.

While the dinner was in progress police lines were maintained and the crowd was kept out of the square in front of the cafe. Clubs were displayed threateningly and some of the over-zealous spectators were handled roughly.

The candidate had not intended to come to New York until Tuesday, but upon receiving a pressing invitation from the Tammany leaders, Mr. Jerome and large business interests of the East Side, he consented to come Monday, although he spoke to a large delegation at his home in Esopus in the afternoon. As soon as the speeches were over he took the train for New York, arriving here at 7:45 o'clock.

CRUISER COLORADO IS SPEEDY.

New Warship Is One of the Fastest in the Navy.

Boston, Oct. 25.—The armored cruiser Colorado, built for the United States navy by William Cramp & Sons of Philadelphia, Monday on her

official trial covered 88 nautical miles in 3 hours, 57 minutes and 7 seconds, maintaining an hourly average speed of 22.26 knots throughout the run, exceeding the speed of 22 knots called for in the builder's contract by more than a quarter of a knot. It is thought that the tide corrections may increase her average slightly. The highest speed developed was 23.33 knots and this was maintained for six and six-tenths miles during the homeward run.

Monday's performance rates the Colorado as the fastest vessel in the armored cruiser class and one of the fastest in the navy, the only large American ships that have ever exceeded her speed being the Columbia and Minneapolis. The engines worked smoothly and developed an average horsepower of 28,000 and the ponderous twin screws whirled at an average of 128 revolutions a minute and at times made 130 revolutions. The great ship responded to the slightest touch on her helm.

SHOT BY A BARTENDER.

Nels Orvik Killed During a Fight at Beltrami, Minn.

Crookston, Minn., Oct. 25.—Nels Orvik, a property owner, was shot and killed Monday at Beltrami, twenty-five miles south of here, by John Moe, bartender in Henry Castle's saloon. Orvik started a fight with Ed Hamery, claiming he had been robbed of \$2.50, and when Moe tried to stop the trouble Orvik turned on him with a chair, viciously. Moe ran from the saloon with his pursuer close at his heels, and re-entered, slamming the door. Orvik followed him behind the bar, threatening to kill him with the raised chair.

Moe seized a gun on the back bar and fired, the bullet entering near the waistband and causing death in fifteen minutes.

Three Men Killed.

Decatur, Ill., Oct. 25.—By the breaking in two of a Wabash freight train at Sanders Monday night and a subsequent collision of the two sections, three men, supposed to be tramps, were killed.

PROVISION SHIP DAMAGED.

Injury Probably Inflicted by Some Revengeful British Workman.

London, Oct. 25.—The steamship Esperanza, which is due to sail from Barry with provisions for the Russian Baltic fleet, was found Monday to be in a sinking condition, her hull having been pierced below the water line. The injury is not explained, but it must have been done Monday, and it is suggested locally that it is the wanton act of some man employed about the ship in resentment of the North sea incident.

Former Congressman Thomas Dead. Prairie du Chien, Wis., Oct. 25.—Former Congressman O. B. Thomas died Monday after an illness of nearly a year. He was born in Vermont Aug. 21, 1832, and had been a resident of this city for sixty-eight years.

DEMONSTRATION FOR PARKER.

Crowd Cheers Democratic Candidate in New York City.

New York, Oct. 25.—Judge Parker was the center Monday night of the widest and most enthusiastic demonstration that has greeted him in his campaign for the presidency. As the guests of the Tammany leaders of the East Side, the Democratic candidate for president and William Travers Jerome, the district attorney, attended the performance at the Grand Street theater, and later a dinner at an East Side restaurant near by. The theater was crowded from the ground floor to the top balcony and the streets for blocks around were so congested that a reserve force of police was required to open a passageway from the theater to the restaurant. In the theater the applause was so great that the performance was stopped for twenty minutes with the cast of the play unable to proceed or leave the stage.

While the dinner was in progress police lines were maintained and the crowd was kept out of the square in front of the cafe. Clubs were displayed threateningly and some of the over-zealous spectators were handled roughly.

The candidate had not intended to come to New York until Tuesday, but upon receiving a pressing invitation from the Tammany leaders, Mr. Jerome and large business interests of the East Side, he consented to come Monday, although he spoke to a large delegation at his home in Esopus in the afternoon. As soon as the speeches were over he took the train for New York, arriving here at 7:45 o'clock.

CRUISER COLORADO IS SPEEDY.

New Warship is One of the Fastest in the Navy.

Boston, Oct. 25.—The armored cruiser Colorado, built for the United States navy by William Cramp & Sons of Philadelphia, Monday on her

official trial covered 88 nautical miles in 3 hours, 57 minutes and 7 seconds, maintaining an hourly average speed of 22.26 knots throughout the run, exceeding the speed of 22 knots called for in the builder's contract by more than a quarter of a knot. It is thought that the tide corrections may increase her average slightly. The highest speed developed was 23.33 knots and this was maintained for six and six-tenths miles during the homeward run.

Monday's performance rates the Colorado as the fastest vessel in the armored cruiser class and one of the fastest in the navy, the only large American ships that have ever exceeded her speed being the Columbia and Minneapolis. The engines worked smoothly and developed an average horsepower of 28,000 and the ponderous twin screws whirled at an average of 128 revolutions a minute and at times made 130 revolutions. The great ship responded to the slightest touch on her helm.

SHOT BY A BARTENDER.

Nels Orvik Killed During a Fight at Beltrami, Minn.

Crookston, Minn., Oct. 25.—Nels Orvik, a property owner, was shot and killed Monday at Beltrami, twenty-five miles south of here, by John Moe, bartender in Henry Castle's saloon. Orvik started a fight with Ed Hamery, claiming he had been robbed of \$2.50, and when Moe tried to stop the trouble Orvik turned on him with a chair, viciously. Moe ran from the saloon with his pursuer close at his heels, and re-entered, slamming the door. Orvik followed him behind the bar, threatening to kill him with the raised chair.

Moe seized a gun on the back bar and fired, the bullet entering near the waistband and causing death in fifteen minutes.

SENDS URGENT NOTE

GREAT BRITAIN INFORMS RUSSIA
OF ATTACK ON BRITISH
FISHING BOATS.

SITUATION BROOKS NO DELAY

CZAR'S GOVERNMENT TOLD THAT
REPARATION MUST BE MADE
IMMEDIATELY.

BRITISH PUBLIC STILL CALM

BUT WARSHIPS OF THE WORLD'S
GREATEST NAVY ARE PRE-
PARING FOR ACTION.

London, Oct. 25.—Great Britain Monday sent a long and urgent note to the Russian government officially detailing the circumstances of the amazing and unexplained attack by the Russian Pacific squadron during the night of Oct. 21 on British fishing boats in the North sea. The text of the note has not been given out, but it is officially stated from the foreign office that it contains the significant announcement that "the situation is one which, in the opinion of his majesty's government, does not brook delay."

Meanwhile the conservative public and press are remarkably undemonstrative. As usual the jingo element demand war, and even in official quarters some go so far as to say that it may be necessary to stop the Pacific fleet pending a settlement of the whole affair, though this extreme measure, it is believed, will not be necessary. Everywhere there is evidence of the very positive opinion that this is no time for the usual diplomatic dilly-dallying, that there must be no delay and no limit set by Russia to her apology or the extent of compensation for sufferers by what King Edward himself terms "the unwarrantable action" of the Baltic squadron commanders.

The king's message of sympathy to the mayor of Hull is signed by the king's secretary and is as follows:

"The king commands me to say that he has heard with profound sorrow of the unwarrantable action which has been committed against the North Sea fishing fleet and asks you to express the deepest sympathy of the queen and his majesty with the families of those who have suffered from this most lamentable occurrence."

British Public Resentful.

The deep resentment of the whole British public, however, is reflected by the incident at the Victoria station Monday night on the arrival of Count Benckendorff from the continent. There is no attempt anywhere among men of responsibility to magnify the occurrence into a deliberate act of war; but in view of the present inability to find an explanation there is being poured upon the heads of the officers of the squadron a flood of invective and insinuation, though incompetence first and thereafter complete panic is the most generally accepted explanation.

Thus far no official word has been received from St. Petersburg as to the attitude of the Russian government. The fact that it had been decided during the day to prepare a semi-official note expressing the regret of the Russian government and its willingness to make full reparation so soon as the responsibility is fixed was communicated by the Associated Press to Lord Lansdowne and was the first information on the subject he had received from St. Petersburg. The absence during the day of Count Benckendorff, the Russian ambassador, necessarily caused some delay; but the Russian charge d'affaires, who called at the foreign office on request by note from Lord Lansdowne, unofficially expressed deep regret, and, as far as it was possible for him to go, gave assurance of speedy action by the Russian government. Lord Lansdowne in this interview told M. Sansonoff, the charge, that he desired to see Ambassador Benckendorff Tuesday morning. Lord Lansdowne asked M. Sansonoff if he could offer any explanation of the affair, and the latter replied that he only knew what had appeared in the papers and that he had not received any word up to that time from St. Petersburg. Lord Lansdowne gave no suggestion as to what might be done in the matter.

Whole Affair a Mistake.

At the Russian embassy it was stated that "the whole affair was so obviously a mistake, from whatever cause, that Russia's course was plainly dictated, namely, apology and ample compensation."

All eyes are now turned toward St. Petersburg, awaiting word from the Russian government. The actual casualties during the one-sided bombardment off Dogger bank can be correctly stated since the arrival at London Monday evening of the carrying ship Swift, reporting the safety of the missing trawlers. She left the fleet at 10 a. m. on Oct. 23. Her captain says:

"The Russians gave not the slightest warning prior to the commencement of the firing. The admiral of the fishing fleet sent up a rocket warning, and then the firing commenced. He again sent up four greet rockets, but this only seemed to increase the fer-

city of the bombardment. The poor marksmanship of the Russian gunners was the only thing that saved the entire fleet within range of the searchlights and guns."

At the inquest at Hull Monday it was stated that one vessel, the Crane, was sunk, and that four or five were more or less damaged. In the statement of the coroner to the jury that official said it was a question of very grave and possibly international importance; but it would be their duty to find who were the murderers of the dead men. After the identification of the bodies the inquest adjourned to Nov. 2.

An ominous feature of the crisis is the fact that all over the world British warships are mobilizing and only awaiting the signal to again hoist the battle flag of Britain and sweep the seas of the Russian ships of war.

ONE RUSSIAN EXPLANATION.

Baltic Ships Only Fired After Being Attacked.

Rome, Oct. 25.—The Russian embassy here explains the attack of the Russian Baltic squadron on the Hull fishing fleet by the statement that a report had been received at St. Petersburg that the Japanese would try to injure Russian ships with explosives thrown from fishing boats. Indeed, the ambassador said, he suspected that the squadron opened fire only after an attempt had been made to attack some of the ships. It is said the Russian torpedo flotilla was told to redouble precautions and vigilance as an enemy had been signalled in the channel.

CALLS UPON AMERICA

GREAT BRITAIN SEEKING SUP-
PORT IN THE EVENT OF WAR
WITH RUSSIA.

Washington, Oct. 25.—England has asked America if she will back her in case of contingency in the far East.

BRITISH VESSELS UNDER ORDERS.

Must Be Ready to Go to England at a Moment's Notice.

St. Johns, N. F., Oct. 25.—The British cruiser Charybdis, Commodore Pagot, received orders last evening to be in readiness to proceed to England on a moment's notice. The training ship Calypso has been ordered to arrange for the mobilization of 500 men of the Newfoundland naval reserve. There is much excitement in naval circles here.

Victoria, B. C., Oct. 25.—It is learned from officials at Esquimalt that orders have been received from admiralty headquarters directing the immediate concentration of the entire Pacific squadron at Esquimalt. There is much activity at the naval station and imperial barracks.

NOW GROW NERVOUS

RUSSIANS ALARMED OVER THE
SITUATION ARISING FROM
NORTH SEA AFFAIR.

St. Petersburg, Oct. 25.—No official publication of the Russian explanation of the unfortunate affair off Dogger bank is forthcoming up to this time and the world must wait until some time today to hear Vice Admiral Rojstevsky's version of the firing upon the British fishermen. Rojstevsky has communicated direct to the emperor, but at 11:30 o'clock last night the admiralty announced that it had not yet received a report. At the same hour the foreign office issued a statement expressing the regrets of the government for the deplorable incident, but explaining that no formal action is possible until Admiral Rojstevsky's official report of the affair has been received.

While no formal action has been taken, the deepest regret is expressed in all quarters and the purpose of the government to make amends if Rojstevsky shall be found to have been in fault is proclaimed in every governmental department. Emperor Nicholas himself was deeply aggrieved when he heard the news while he was inspecting the cruiser Oleg at Cronstadt Monday and Foreign Minister Lansdovff expressed to Ambassador Hardinge his deepest personal regrets.

The Russian embassy at London has also been directed to convey similar expressions to the government of Great Britain. It is felt that this is all that can possibly be done pending the receipt of Admiral Rojstevsky's statement.

Horrible Blunder Committed.

That a horrible blunder has been committed is recognized and deplored everywhere and nowhere has an attempt been made to justify the firing upon innocent fishermen. It is felt that Rojstevsky is too good a man and officer to be summarily condemned. It is agreed that he is entitled to a hearing, but even the admiralty regrettably admits that it is at a loss what explanation could justify such an apparently coldblooded act as the affair is made to appear by foreign reports.

It developed during the day that the admiralty had strong reason to believe that an attempt would be made against the squadron during its passage through the great belt or the English channel. So specific was the information that even the present crisis has not diverted attention from the possibility of such an attempt being made. The failure of the steam trawlers with the nets out, not to obey

H. F. MICHAEL COMPANY.

the signals of the warships, or the nervousness of the officers, who imagined that the fishermen working on their nets were laying mines, may be responsible for the blunder.

It is expected the Russian government will voluntarily offer the fullest reparation. It is even hinted that the emperor today will send a formal message to King Edward conveying his profound sorrow for the incident and offering to make what reparation is possible as soon as the responsibility can be fixed.

In diplomatic circles the gravity and delicacy of the situation is recognized. Unquestionably nervousness exists, but in view of the sentiment in government circles here the feeling prevails that an amicable adjustment will be reached.

Snow has been falling during the day and the weather has every appearance of winter although the "beautiful" has melted as fast as it reached the ground. It is not expected that winter has set in but it is a reminder of what we may expect in a very short time.

The big potato warehouse at Crow Wing is about completed and when the writer went past there the other day he noticed that a large amount of potatoes were already stored therein. The house is built like a refrigerator car and the owner hopes that he will be able to keep a large amount of potatoes all winter without having them rot or freeze. He is of the opinion that potatoes will bring a much better price in the spring than is offered now.—Little Falls Transcript.

The Davenport Meeting.

The republican rally at the Kreech school house in Davenport precinct last night was attended by a large and enthusiastic audience, the school house being filled. The principal speech of the evening was made by E. A. Kling and his remarks were well received. Messrs. Frater, Rider and Bouck, the gentlemen on the republican legislative ticket were present and followed Mr. Kling in a few remarks. Among the candidates for county offices who were present were S. R. Adair, Archie Purdy and A. Mahlum. Following the meeting luncheon was served and an hour spent in a social way. Davenport's precinct can always be depended on to do the right thing for the straight republican ticket by rolling up a handsome majority and this year will be no exception.

Licking the Pencil.

One of the foremost lawyers in New York city licks the point of his pencil whenever about to write with it. The other day it was indelible, and his tongue was a sight to behold. His friends were alarmed, thinking he had met with an accident. "My boy does it," he said. "I did it when I was a boy, and my father and grandfather did it. And nearly every man of any consequence of my acquaintance does it and did it. Licking the point of the pencil is one of the choicest of human weaknesses."—New York Press.

PROVERBS ABOUT CZARS.

A czar in the desert is only a man.
The czar himself can get muddy if he steps in the mud.

Even the crown of the czar cannot cure headache.

The czar's crows cannot have more than two horns.

A drop of water in the eye of the czar costs the country a great many handkerchiefs.

When the czar makes you a present of an egg he expects of you a hen.

The czar can disturb the earth, but he cannot move it from its axis.

The czar knows not misery because he does not live in a cabin.

The arm of the czar is long, but it cannot reach to the sky.

The voice of the czar has an echo even when there are no mountains.

The ukases of the czar are worth nothing if God says not "Amen."

The horse which has once been mounted by the czar neighs continually.

Dress in Japan.

Between the sexes in Japan there is very little difference in the main features of dress, and little children are only beautiful little miniatures of their parents, more gayly and richly dressed. Under his kimono a man of the upper class wears a sort of kilted divided skirt, something approaching the nature of trousers. This is called the "hakama" and is always made of stiff silk. A woman wears instead an under kimono. Both sexes wear two little aprons round the loins, called "koshi-maki," and a sort of shirt called the "suso-yoke." The narrow sash worn by a man is not an item of great importance, for, although it is always made of rich silk, it is not so much for show as for use, to keep the kimono in place.

Weary Willie—I'm a victim of police persecution, lady, dat's what I am. Why, de first time I was arrested I wasn't doin' nothin' at all. Mrs. Goodart—Poor fellow. Here's a dime for you. And what charge did they trump up against you? Weary Willie—Vagrancy.—Philadelphia Press.

Helping Along the Joke.

"These," said the epicure to the bright Philadelphia girl, "are snails. I suppose Philadelphia people don't eat them for fear of cannibalism."

"Oh, no," was the answer. "It isn't that. We couldn't catch them."—Washington Star.

Republican City Convention.

A republican city convention for the City of Brainerd, in the county of Crow Wing, Minnesota, will be held at the county court house, on Fourth street north, in said city, on Friday, the 28th day of October, 1904, at 8 o'clock, p. m., to place in nomination the following candidates: Mayor, Treasurer, Assessor, Municipal Judge and Special Municipal Judge. A primary election in each ward, in this city, to elect delegates to said city convention, will be held on Thursday, the 27th day of October, at 7:30 o'clock, p. m., and the polls will be held open at least one hour. Each ward will be allowed in said city convention, the following number of delegates, based on the vote in 1900 for William McKinley, for president, one for each 25 votes or major fraction thereof:

First Ward.....6
Second Ward.....12
Third Ward.....8
Fourth Ward.....6
Fifth Ward.....7

Total.....39

At said primaries candidates will be nominated for two alderman from each ward, and members of the Board of Education, as follows: First ward, one member to succeed Charles Hagberg; Second ward, one member to succeed Dr. Werner Hemstead; Third ward, one member to succeed W. I. Strom; Fourth ward, two members to succeed W. E. Erickson and P. H. Preston; Fifth ward, one member to succeed L. P. Johnson. Brainerd, Minn., Oct. 1st, 1904.

For the purpose of correcting an error in the representation of the 4th Ward on the board of education, one member will be elected for four years and one member for two years.

Snow has been falling during the day and the weather has every appearance of winter although the "beautiful" has melted as fast as it reached the ground. It is not expected that winter has set in but it is a reminder of what we may expect in a very short time.

The big potato warehouse at Crow Wing is about completed and when the writer went past there the other day he noticed that a large amount of potatoes were already stored therein. The house is built like a refrigerator car and the owner hopes that he will be able to keep a large amount of potatoes all winter without having them rot or freeze. He is of the opinion that potatoes will bring a much better price in the spring than is offered now.—Little Falls Transcript.

BRUNS, the optician, will arrive at the National hotel tomorrow and stay 2 days. If your eyes trouble you see him about them. Consultation free.

The Davenport Meeting.

The republican rally at the Kresh school house in Davenport precinct last night was attended by a large and enthusiastic audience, the school house being filled. The principal speech of the evening was made by E. A. Kling and his remarks were well received. Messrs. Frater, Rider and Bouck, the gentlemen on the republican legislative ticket were present and followed Mr. Kling in a few remarks. Among the candidates for county offices who were present were S. R. Adair, Archie Purdy and A. Mahlum. Following the meeting luncheon was served and an hour spent in a social way. Davenport's precinct can always be depended on to do the right thing for the straight republican ticket by rolling up a handsome majority and this year will be no exception.

CONFESSES TO MURDER.

Chicago Man Admits That He Killed a Saloonkeeper.

Chicago, Oct. 25.—Malcolm R. Taylor, who was arrested Monday night by the police on suspicion of being concerned in the murder Sunday night of William Kneiring, confessed that he fired all the shots during the fight between Kneiring and the five men who attempted to rob the saloon and acknowledged that he had killed the saloonkeeper. He refused to give the names of the men who were with him. Taylor is a machinist, aged twenty-seven.

Licking the Pencil.

One of the foremost lawyers in New York city licks the point of his pencil whenever about to write with it. The other day it was indelible, and his tongue was a sight to behold. His friends were alarmed, thinking he had met with an accident. "My boy does it," he said. "I did it when I was a boy, and my father and grandfather did it. And nearly every man of any consequence of my acquaintance does it and did it. Licking the point of the pencil is one of the choicest of human weaknesses."—New York Press.

PROVERBS ABOUT CZARS.

A czar in the desert is only a man.
The czar himself can get muddy if he steps in the mud.

Even the crown of the czar cannot cure headache.

The czar's crows cannot have more than two horns.

A drop of water in the eye of the czar costs the country a great many handkerchiefs.

When the czar makes you a present of an egg he expects of you a hen.

The czar can disturb the earth, but he cannot move it from its axis.

The czar knows not misery because he does not live in a cabin.

The arm of the czar is long, but it cannot reach to the sky.

The voice of the czar has an echo even when there are no mountains.

The ukases of the czar are worth nothing if God says not "Amen."

The horse which has once been mounted by the czar neighs continually.

Dress in Japan.

Between the sexes in Japan there is very little difference in the main features of dress, and little children are only beautiful little miniatures of their parents, more gayly and richly dressed. Under his kimono a man of the upper class wears a sort of kilted divided skirt, something approaching the nature of trousers. This is called the "hakama" and is always made of stiff silk. A woman wears instead an under kimono. Both sexes wear two little aprons round the loins, called "koshi-maki," and a sort of shirt called the "suso-yoke." The narrow sash worn by a man is not an item of great importance, for, although it is always made of rich silk, it is not so much for show as for use, to keep the kimono in place.

The principal speech of the evening was made by E. A. Kling and his remarks were well received. Messrs. Prater, Rider and Bouck, the gentlemen on the republican legislative ticket were present and followed Mr. Kling in a few remarks. Among the candidates for county offices who were present were S. R. Adair, Archie Purdy and A. Mahlum. Following the meeting luncheon was served and an hour spent in a social way. Davenport's precinct can always be depended on to do the right thing for the straight republican ticket by rolling up a handsome majority and this year will be no exception.

Confessions of a Priest.

CONFESSES TO MURDER.

Chicago Man Admits That He Killed a Saloonkeeper.

Chicago, Oct. 25.—Malcolm R. Taylor, who was arrested Monday night by the police on suspicion of being concerned in the murder Sunday night of William Kneiring, confessed that he fired all the shots during the fight between Kneiring and the five men who attempted to rob the saloon and acknowledged that he had killed the saloonkeeper. He refused to give the names of the men who were with him. Taylor is a machinist, aged twenty-seven.

Licking the Pencil.

One of the foremost lawyers in New York city licks the point of his pencil whenever about to write with it. The other day it was indelible, and his tongue was a sight to behold. His friends were alarmed, thinking he had met with an accident. "My boy does it," he said. "I did it when I was a boy, and my father and grandfather did it. And nearly every man of any consequence of my acquaintance does it and did it. Licking the point of the pencil is one of the choicest of human weaknesses."—New York Press.

PROVERBS ABOUT CZARS.

A czar in the desert is only a man.
The czar himself can get muddy if he steps in the mud.

Even the crown of the czar cannot cure headache.

The czar's crows cannot have more than two horns.

A drop of water in the eye of the czar costs the country a great many handkerchiefs.

When the czar makes you a present of an egg he expects of you a hen.

The czar can disturb the earth, but he cannot move it from its axis.

The czar knows not misery because he does not live in a cabin.

The arm of the czar is long, but it cannot reach to the sky.

The voice of the czar has an echo even when there are no mountains.

The ukases of the czar are worth nothing if God says not "Amen."

The horse which has once been mounted by the czar neighs continually.

Dress in Japan.

Between the sexes in Japan there is very little difference in the main features of dress, and little children are only beautiful little miniatures of their parents, more gayly and richly dressed. Under his kimono a man of the upper class wears a sort of kilted divided skirt, something approaching the nature of trousers. This is called the "hakama" and is always made of stiff silk. A woman wears instead an under kimono. Both sexes wear two little aprons round the loins, called "koshi-maki," and a sort of shirt called the "suso-yoke." The narrow sash worn by a man is not an item of great importance, for, although it is always made of rich silk, it is not so much for show as for use, to keep the kimono in place.

Doing Nothing.

Weary Willie—I'm a victim of police persecution, lady, dat's what I am. Why, de first time I was arrested I wasn't doin' nothin' at all. Mrs. Goodart—Poor fellow. Here's a dime for you. And what charge did they trump up against you? Weary Willie—Vagrancy.—Philadelphia Press.

Helping Along the Joke.

"These," said the epicure to the bright Philadelphia girl, "are snails. I suppose Philadelphia people don't eat them for fear of cannibalism."

"Oh, no," was the answer. "It isn't that. We couldn't catch them."—Washington Star.

Republican City Convention.

A republican city convention for the City of Brainerd, in the county of Crow Wing, Minnesota, will be held at the county court house, on Fourth street north, in said city, on Friday, the 28th day of October, 1904, at 8 o'clock, p. m., to place in nomination the following candidates: Mayor, Treasurer, Assessor, Municipal Judge and Special Municipal Judge. A primary election in each ward, in this city, to elect delegates to said city convention, will be held on Thursday, the 27th day of October, at 7:30 o'clock, p. m., and the polls will be held open at least one hour. Each ward will be allowed in said city convention, the following number of delegates, based on the vote in 1900 for William McKinley, for president, one for each 25 votes or major fraction thereof:

First Ward.....6
Second Ward.....12
Third Ward.....8
Fourth Ward.....6
Fifth Ward.....7

Total.....39

At said primaries candidates will be nominated for two aldermen from each ward, and members of the Board of Education, as follows: First ward, one member to succeed Charles Hagberg; Second ward, one member to succeed Dr. Werner Hemstead; Third ward, one member to succeed W. I. Strom; Fourth ward, two members to succeed W. E. Erickson and P. H. Preston; Fifth ward, one member to succeed L. P. Johnson. Brainerd, Minn., Oct. 1st, 1904.

For the purpose of correcting an error in the representation of the 4th Ward on the board of education, one member will be elected for four years and one member for two years.

MUSIC AND DRAMA.

"THE PRINCESS CHIC."

Music and fun galore is anticipated by theatre patrons on Nov. 9 at the Brainerd opera house where the unprecedented success of four seasons, "The Princess Chic," will be seen. The unusual interest displayed by society is marked by the fact that several parties have been postponed, as no one desires to miss the opportunity of seeing this beautiful production of Messrs. Kirk La Shelle and Julian Edwards.

The piece throughout is intensely fascinating and has called forth more eulogies from the press and public than any similar organization for years. This season the cast is stronger than ever. The greatest enthusiasm has been shown everywhere the company has appeared.

ROBERT BURNS ENTERTAINMENT.

The Robert Burns entertainment at the high school Friday evening will be interesting. In addition to the lecture to be given by Rev. John Lloyd, there will be songs selected from the writings of Burns.

This will be more than an ordinary school entertainment. Dr. Lloyd was educated in Europe. He has made a careful study of the great Scottish poet and his lecture has been well received in many Minnesota cities. During the last few years Burns has wonderfully increased in popularity, and literary societies throughout the country have given his works much attention. Thousands of people know and sing Auld Lang Syne, Bonnie Doon, Highland Mary, Blue Bells of Scotland and other favorites without waiting to think Burns wrote them. Burns was pre-eminently the poet of the people and perhaps no European writer has contributed more to our own happiness than he. His works are studied in almost every high school and college in the country, the Brainerd high school included.

The proceeds, after paying expenses, will be used to purchase pictures for the high school room. The teachers and high school students will welcome all interested in an evening with Burns.

Everybody is invited. Admission 25 cents.

Tickets will be sold at the door.

Candidate for Alderman.

I desire to announce that I am a candidate for the republican nomination for alderman from the 4th ward. I have lived in the ward for 18 years and am thoroughly conversant with its needs and if elected I will do my best to serve the people.

The special committee to which was referred the matter of locating the new city scales reported that they deemed the location in front of the hose house not a proper one. The report of the committee was accepted and filed.

Alderman McGinn stated that D. D. Smith had made an offer to pay the city \$50 a year if the scale was put in front of his place of business on Sixth street. On motion the offer of Mr. Smith was accepted and the same special committee was authorized to have the work done.

HAD GOOD MEETING

Debating Club Met at Y. M. C. A. Parlors and an Interesting Program Was Rendered.

The debating club met last night at the Y. M. C. A. rooms. The program was greatly enjoyed by all the young men present. The solo by Robert Johnson was very fine and the talk on Mexico by Jay Patek was very interesting and will be continued at the next meeting. The debate was very good and each member tried his best to win. The judges rendered their decision in favor of the negative, who, in their judgment, made one more point than the affirmative. The main point in dispute was the capability of the Philipinos to govern themselves. Any young man wishing to join the club should hand in his name to the membership committee, G. H. Thomas, A. A. Pearce and W. W. Barron.

The following was the program:
Solo.....Robert Johnson
"A Visit to Mexico".....Jay Patek
Debate—"Resolved, That the Philipinos Should Be Granted Their Independence."
Affirmative—J. W. Flickwir, Alfred Swanson, Wm. Barron. Negative—Robert Johnson, Harry Butts, George Thomas.

The judges were A. A. Pearce, Jay Patek and F. W. McKay.

MOSES E. CLAPP TO SPEAK

Senator Clapp Will Deliver a Political Address at the Opera House on Tuesday Evening, Nov. 1.

The republican county committee received word by wire this morning from C. S. Mitchell, who has charge of the speakers' bureau for the state central committee, that Senator Moses E. Clapp had been assigned to Brainerd for the evening of Nov. 1st, Tuesday next. Senator Clapp has been in great demand during the present campaign and Brainerd is to be congratulated on being able to secure so eminent a speaker, in fact the route of the gentleman has been changed in order to make it possible for him to appear here so persistent has been the demand for him from the members of the county committee, and it was at one time thought that it would be impossible to secure him. The gentleman is one of the ablest speakers in the country and the people of Brainerd will greet him with an audience that will tax the capacity of the opera house.

GOVERNMENT'S

GEODETIC SURVEY

W. H. Berger and Others Here on a Rather Interesting and Instructive Mission

MEASUREMENTS ARE ACCURATE

Observations Are Taken by the Government for Use in Compiling Statistics.

W. H. Berger, of the United States coast and geodetic survey has just closed up work here for the season on a line he is running between Wahpeton North Dakota and Duluth. This work is done entirely by triangulation, the work being done from towers erected for that purpose. The primary object of this line is to connect a survey recently completed from San Antonio, Texas, to Wahpeton, N. D., along the 98th meridian of longitude, with the work of the Lake Survey at Duluth. A line, or rather two lines of towers have been erected all the way from San Antonio to Wahpeton. From these towers measurements of the angles, both vertical and horizontal are taken to determine their exact position and relative altitude. Measurements are also taken to determine the height and position of prominent local objects, such as church spires, the top of the stack at the shops, etc. These local objects are taken for the use of the topographical survey which will come later and are made to give data should the towers be destroyed.

There are several towers in this section, one at Little Falls, one beyond Gull Lake, one 13 miles south of Brainerd in Daggett Brook, and one at Jonesville. The tower at Jonesville is 107 feet high and that at Daggett is 94 feet high. Something of the magnitude of the work, and its expense can be seen from that the towers will average probably 45 feet in height and a sixty foot tower costs about \$100 and is abandoned when the survey is completed. Mr. Berger has a crew of 14 men under him, of whom 5 are now in Texas, the rest being here with him. They carry their own camp equipage and a colored cook and so are independent of hotels, etc. This work was under the charge of the treasury department until the department of Commerce and Labor was organized when it was transferred to that. There are from 60 to 90 observers employed in the Coast and Geodetic survey bureau, all told and they each have from two to seventy men under them. The survey also has eight or nine steamers and schooners for use in coast and river work.

Some of the extreme accuracy of this work is shown in the fact that 16 observations have to be made on each measurement of an angle and the averages are taken as the true reading. The triangles must close within about a second of arc. That is, the sum of the interior angles of the triangle must not vary from 180 degrees as per their measurements more than about a second. As the angle of one second is measured by the edges of a board a foot wide forty miles distant from the instrument it is practically absolute accuracy so far as earthly measurements go. The work of taking observations is done both by day and by night. By day a heliotrope, or mirror, reflecting the sun's rays is used the same as the flag pole in ordinary land surveying. At night a powerful acetylene lamp with double concentrating lenses is used.

The party is breaking up here for the winter, some of the members go to Washington. Mr. Berger, with others, goes to Texas to finish some of the work on that end of the line. The measurement of so large an arc of the meridian is largely for the purpose of determining the exact curvature of the Earth along this meridian. Two lines of precise levels were run by this survey, Kansas City, Denver to Orin Junction, Wyoming, the other Kansas City to Sioux City, thence west to the same point, a circuit of about 1800 miles. The two surveys, on arrival varied about nine millimeters. A silver dime is just one millimeter in thickness.

The towers at Jonesville and Daggett are built of timbers and have platforms at the top which are easily reached by ladders running up the interior. They afford the finest views in this part of the state and are well worth a visit and the labor of climbing them.

MOSES E. CLAPP TO SPEAK

Senator Clapp Will Deliver a Political Address at the Opera House on Tuesday Evening, Nov. 1.

The republican county committee received word by wire this morning from C. S. Mitchell, who has charge of the speakers' bureau for the state central committee, that Senator Moses E. Clapp had been assigned to Brainerd for the evening of Nov. 1st, Tuesday next. Senator Clapp has been in great demand during the present campaign and Brainerd is to be congratulated on being able to secure so eminent a speaker, in fact the route of the gentleman has been changed in order to make it possible for him to appear here so persistent has been the demand for him from the members of the county committee, and it was at one time thought that it would be impossible to secure him. The gentleman is one of the ablest speakers in the country and the people of Brainerd will greet him with an audience that will tax the capacity of the opera house.

GOVERNMENT'S

GEODETIC SURVEY

W. H. Berger and Others Here on a Rather Interesting and Instructive Mission

MEASUREMENTS ARE ACCURATE

Observations Are Taken by the Government for Use in Compiling Statistics.

W. H. Berger, of the United States coast and geodetic survey has just closed up work here for the season on a line he is running between Wahpeton North Dakota and Duluth. This work is done entirely by triangulation, the work being done from towers erected for that purpose. The primary object of this line is to connect a survey recently completed from San Antonio, Texas, to Wahpeton, N. D., along the 98th meridian of longitude, with the work of the Lake Survey at Duluth. A line, or rather two lines of towers have been erected all the way from San Antonio to Wahpeton. From these towers measurements of the angles, both vertical and horizontal are taken to determine their exact position and relative altitude. Measurements are also taken to determine the height and position of prominent local objects, such as church spires, the top of the stack at the shops, etc. These local objects are taken for the use of the topographical survey which will come later and are made to give data should the towers be destroyed.

There are several towers in this section, one at Little Falls, one beyond Gull Lake, one 13 miles south of Brainerd in Daggett Brook, and one at Jonesville. The tower at Jonesville is 107 feet high and that at Daggett is 94 feet high. Something of the magnitude of the work, and its expense can be seen from that the towers will average probably 45 feet in height and a sixty foot tower costs about \$100 and is abandoned when the survey is completed. Mr. Berger has a crew of 14 men under him, of whom 5 are now in Texas, the rest being here with him. They carry their own camp equipage and a colored cook and so are independent of hotels, etc. This work was under the charge of the treasury department until the department of Commerce and Labor was organized when it was transferred to that. There are from 60 to 90 observers employed in the Coast and Geodetic survey bureau, all told and they each have from two to seventy men under them. The survey also has eight or nine steamers and schooners for use in coast and river work.

Some of the extreme accuracy of this work is shown in the fact that 16 observations have to be made on each measurement of an angle and the averages are taken as the true reading. The triangles must close within about a second of arc. That is, the sum of the interior angles of the triangle must not vary from 180 degrees as per their measurements more than about a second. As the angle of one second is measured by the edges of a board a foot wide forty miles distant from the instrument it is practically absolute accuracy so far as earthly measurements go. The work of taking observations is done both by day and by night. By day a heliotrope, or mirror, reflecting the sun's rays is used the same as the flag pole in ordinary land surveying. At night a powerful acetylene lamp with double concentrating lenses is used.

The party is breaking up here for the winter, some of the members go to Washington. Mr. Berger, with others, goes to Texas to finish some of the work on that end of the line. The measurement of so large an arc of the meridian is largely for the purpose of determining the exact curvature of the Earth along this meridian. Two lines of precise levels were run by this survey, Kansas City, Denver to Orin Junction, Wyoming, the other Kansas City to Sioux City, thence west to the same point, a circuit of about 1800 miles. The two surveys, on arrival varied about nine millimeters. A silver dime is just one millimeter in thickness.

The towers at Jonesville and Daggett are built of timbers and have platforms at the top which are easily reached by ladders running up the interior. They afford the finest views in this part of the state and are well worth a visit and the labor of climbing them.

ARMIES REMAIN QUIET

NO SERIOUS ENCOUNTERS BETWEEN RUSSIANS AND JAPS IN MANCHURIA.

Lines are not far apart

OUTPOSTS WITHIN RIFLE RANGE OF EACH OTHER ALONG THE SHAKHE RIVER.

There has been no resumption of fighting of a general character on the Shakhe river. Both Russians and Japanese are entrenching their positions. The outposts are within 700 yards of each other and less than four miles separate the main armies. A scarcity of fuel is causing the soldiers to suffer greatly since cold weather set in.

St. Petersburg has information that the Japanese army confronting General Kuropatkin is receiving reinforcements from the Port Arthur army and direct from Japan.

CROSS SHAKHE RIVER

RUSSIANS AGAIN RESUME THE ADVANCE AGAINST THE JAPANESE POSITIONS.

Mukden, Oct. 25.—The Russian forces on the left again crossed the Shakhe river on Oct. 21 and are now pushing forward towards the Japanese positions; entrenching as they advance. The same time, Russian batteries are continually bombarding the Japanese who can be plainly seen busily engaged in the making of trenches.

This plan of the Russians to entrench as they advance, was adopted because it was found in the recent big battle that it was impossible to advance without some protection in the face of the Japanese shrapnel fire. The Russian batteries are now better engaged than they were in former engagements, but the troops on both sides apparently make no great efforts to conceal themselves.

The Russians and Japanese armies are now separated by less than four miles and the whole field of operations of both armies can be plainly seen.

The question of fuel is becoming a serious one. The greater part of the Chinese corn has already been used for fuel and for fodder, while most of the houses in the Chinese villages have been destroyed and their wood used for fuel. Without fuel and without shelter beyond what provided by tents, it seems impossible for the armies to remain in the field during the increasing cold weather.

NO NEWS OF IMPORTANCE.

Only Factor in Far Eastern War is Japanese Reinforcements.

St. Petersburg, Oct. 25.—There is no news of immediate importance from the far East. The indications are that both sides are heavily entrenching, though it is believed that General Kuropatkin will be ready for a forward move at an early moment unless heavy Japanese reinforcements compel him to remain on the defensive. Reports that Japanese reinforcements are arriving, taken in connection with the enforced inactivity of the Russian forces on account of the weather, are felt to be a grave factor in the situation. There is reason to believe that the Japanese are drawing heavily upon the Port Arthur army as well as on Japan in hopes of securing a numerical superiority that will enable Field Marshal Oyama to inflict a crushing blow upon General Kuropatkin when hostilities are resumed.

HEAVY LOSS BY FIRE.

Business Block at Troy, O., May Be Totally Destroyed.

Troy, O., Oct. 25.—A second large fire in twenty-four hours broke out in Brown's block on Public Square at midnight, and at 1:30 a. m. the whole block was in flames. The building is valued at \$75,000, with \$45,000 insurance. The building will probably be totally destroyed. The Piqua fire department was summoned. Probable loss, \$250,000. The loss at the fire of Monday noon was \$75,000. The two conflagrations will prove disastrous to this place.

TRAGEDY CAUSED BY JEALOUSY.

Pittsburg Switchman Shoots a Woman and Then Himself.

Pittsburg, Oct. 25.—Peter Fitzwilliams, a switchman, shot and fatally wounded Mrs. Sarah Walters, a boardinghouse keeper, Monday night and then killed himself by putting a bullet into his brain. The shooting is thought to have been caused by jealousy.

DELMAR BREAKS THE RECORD.

Sets a New Mark for Trotting Horses on the Memphis Track.

Memphis, Tenn., Oct. 25.—Major Delmar, owned by E. E. Smathers of New York, and driven by Alta McDonald, established a new world's mark for unpaired trotters at the Memphis Driving park Monday, when he circled the track in 2:01 1/4. The previous mark was 2:01 1/4, held jointly by Major Delmar and Lou Dillon. Monday's performance was cheered by a large crowd and horsemen generally were of the opinion that had weather conditions been more favorable the son of Delmar would have made even a lower mark. A cold wind was blowing up the home stretch, which materially lessened the speed of the horse in the final eighth to the mile. Delmar stepped the quarter in 31 seconds flat, the half in 1:00 3/4, the three-quarters in 1:30 3/4, and the mile in 2:01 1/4.

Dan Patch, the pacing champion, was sent against his own unpaired mark of 1:59 1/4, but he failed to equal this record. He made the mile in 2:00 1/4. Both Delmar and Patch were accompanied by runners on the side.

CASHIER HELD RESPONSIBLE.

Blamed for the Failure of a Bank at Pleasanton, Ia.

Des Moines, Ia., Oct. 25.—S. F. Shaw, cashier of the bank at Pleasanton, Ia., which made an assignment recently, has been held to the grand jury at Leon, for responsibility for the bank's failure. Shaw is accused of having borrowed \$8,000 from the bank on his individual note without giving security and of not being able to explain what became of the money. It is stated the bank was able to pay out in full.

FIFTH FATALITY OCCURS.

Another Victim of Fight at St. Louis Is Dead.

St. Louis, Oct. 25.—The fifth fatality as a result of the battle last Friday between detectives and train robber suspects occurred Monday night, when William Morris, alias C. C. Blair, a confessed train robber, died at the city hospital. The other victims of the shooting are John J. Shea, Thomas Dwyer and James McCluskey, detectives, and Al Rosehauer, who the officers were trying to arrest.

SHAKES ENTIRE CITY.

Terrific Explosion of Powderhouse Near Marshalltown, Ia.

Marshalltown, Ia., Oct. 25.—The powderhouse of Abbott & Son in the suburbs of Marshalltown, containing tons of powder and dynamite, was blown up early in the day, shaking the entire city and blowing out windows and doors for blocks. It is believed to have been caused by two tramps seen about the place, of whom no trace can now be found. There were no fatalities except the tramps.

Negroes Rob a Safe.

Kansas City, Mo., Oct. 25.—Two unmasked negroes entered the Overland ticket office Monday night, overpowered the clerk, C. D. Jewett, robbed the safe of several hundred dollars and escaped. No arrests have been made.

FAIRBANKS AT COLUMBUS.

Large Audience Greets the Candidate in the Ohio Capital.

Columbus, O., Oct. 25.—Senator Charles W. Fairbanks of Indiana, Republican nominee for vice president, concluded a strenuous day of campaigning with a speech Monday night in the Columbus auditorium before an audience that packed the floors and galleries of that building. Throughout his tour of Ohio, which began across the Ohio river from Wheeling and ended in the capital city last night, the senator was accompanied by Governor Myron T. Herrick of Ohio, who also made several addresses. Michigan will be traversed by Senator Fairbanks Tuesday.

AN UNUSUAL SPECTACLE.

Woman Arraigned on Charge of Conducting Registration Frauds.

New York, Oct. 25.—The unusual spectacle of a woman arraigned in a police court charged with registration frauds was witnessed here Monday. The prisoner was Katie Hicks, aged thirty-five, who is the lessee of three lodging houses on the lower West Side. From these three houses, according to complaint, 125 men are registered, and it is alleged that between 60 and 70 of the registrations are fraudulent. According to the story told in court, the prisoner has been active in politics for many years. The prisoner was held in \$1,500 bail.

RAILROAD MAN MAY DIE.

Tries to Commit Suicide After Shooting at Two Other Men.

Minneapolis, Oct. 25.—H. Olson, twenty-five years old, who says he is a railroad man, is at the city hospital with a bullet in his liver, and the doctors say he will die. The fatal wound was inflicted by Olson himself while insanely drunk, according to witnesses, at a saloon conducted by Herman Rhine and Emil Lilien at 701 Washington avenue south, at 1 o'clock Tuesday morning, after an unsuccessful attempt to kill both proprietors of the place.

ON DIVORCE QUESTION

EPISCOPAL HOUSE OF DEPUTIES AND HOUSE OF BISHOPS FINALLY AGREE.

STRICT CANON IS ADOPTED

WILL PROBABLY MAKE REMARRIAGES OF DIVORCEES IN CHURCH VERY RARE.

Boston, Oct. 25.—An agreement on the divorce question was reached Monday by the house of bishops and the house of deputies of the Episcopal general conference after many days of discussion. That section of the canon bearing directly upon the remarriage of divorced persons which was amended by the bishops Saturday, assented to by the deputies Monday and becomes effective at once, is as follows:

"No minister, knowingly, after due inquiry, shall solemnize the marriage of any person who has been or is the husband or the wife of any other person living, from whom he or she has been divorced for any cause arising after marriage, but this canon shall not be held to apply to the innocent party in a divorce for adultery, provided, that before the application for such remarriage a period of not less than one year shall have elapsed after the granting of such divorce and that satisfactory evidence touching the circumstances in the case, including a copy of the court's decree and record, if practicable, with such proof that the defendant was personally served or appeared in the action be laid before the ecclesiastical authority having taken legal advice thereon shall have declared, that in his judgment the case of the applicants conforms to the requirements of this canon and provided further that it shall be within the discretion of any minister to decline to solemnize any marriage."

Leading churchmen expressed the opinion that the restrictions placed upon the remarriage of an innocent party to a divorce are so stringent that the remarriage of divorced persons will be rare in the church hereafter.

Rev. Henry Francis Taitt of Chester, Pa., was Monday elected assistant bishop of South Dakota.

ANDREW CARNEGIE HONORED.

Bessemer Gold Medal Bestowed Upon Him.

New York, Oct. 25.—The opening exercises of the American meeting of the Iron and Steel Institute, the second meeting which this international organization has ever held on American soil, were held Monday night. The session was marked by the presentation to Andrew Carnegie of the highest honors that the institute can bestow, the Bessemer gold medal. Andrew Carnegie is the first American to become president of the organization, its membership being chiefly made up of Englishmen. The award Monday night was made because of his life work in the development of the iron and steel industry of the world.

President Furness of the board of aldermen, on behalf of Mayor McClellan, welcomed the foreign visitors to this city. Mr. Carnegie in reply returned thanks for the cordial invitation extended.

Sir James Kitson, former president of the institute, delivered the speech of presentation. After saying that the Bessemer medal had been given in years past to such prominent Americans as Abram S. Hewitt and Peter Cooper, he paid a tribute to the ability of Mr. Carnegie in the development of iron products into marketable products. Mr. Carnegie made a feeling reply in accepting the medal.

CHARGED WITH MURDER.

Homer D. Wright Under Arrest at Ottumwa, Ia.

Des Moines, Ia., Oct. 25.—Homer D. Wright was arrested at his home in Ottumwa Monday charged with the murder of Vary Chester, the woman who was killed in that city Saturday night. Wright is said to have been in the house at the time of the murder, which is now thought to have been committed in a free for all fight. The position of the wound makes it probable that it was inflicted by a left handed man. Wright is left handed. Blood was found on his clothes.

EARLY ESCAPES ASSAULT.

Crowd of Britons Tries to Harm Russian Ambassador.

London, Oct. 25.—Count Benckendorff, the Russian ambassador, returned to London Monday night from celebrating his silver wedding with his wife's relatives in Silesia and barely escaped assault from a crowd at the Victoria station, which followed him almost into the embassy. Fortunately for the issue of peace or war, nothing resulted; yet, throughout the night a special force of police was compelled to guard the Russian embassy.

Count Benckendorff has been always regarded in official circles here as a friend of peace, and he was as much opposed as was Count Lamsdorff to the Russo-Japanese war. Indeed, he is almost an Anglophile in sentiment. There is no doubt that Count Benckendorff was deeply hurt by last night's demonstration. After escaping from the hostile crowd that met him at the station, he drove at a gallop to the embassy. Half a dozen rowdies followed but the ambassador arrived unharmed. His noisy pursuers encountered a cordon of police that had been hurriedly dispatched to guard the embassy. After slinging "Rule Britannia" the disturbers dispersed, no arrests being made; but the police continued to guard the embassy as if it were a British fortress.

Sets a New Mark for Trotting Horses on the Memphis Track.

Memphis, Tenn., Oct. 25.—Major Delmar, owned by E. E. Smathers of New York, and driven by Alta McDonald, established a new world's mark for unpaired trotters at the Memphis Driving park Monday, when he circled the track in 2:01 1/4. The previous mark was 2:01 3/4, held jointly by Major Delmar and Lou Dillon. Monday's performance was cheered by a large crowd and horsemen generally were of the opinion that had weather conditions been more favorable the time of Delmar would have made even a lower mark. A cold wind was blowing up the home stretch, which materially lessened the speed of the horse in the final eighth to the mile. Delmar stepped the quarter in 31 seconds flat, the half in 1:00 3/4, the three-quarters in 1:30 3/4, and the mile in 2:01 1/4.

Dan Patch, the pacing champion, was sent against his own unpaired mark of 1:59 3/4, but he failed to equal this record. He made the mile in 2:00 3/4. Both Delmar and Patch were accompanied by runners on the side.

CASHIER HELD RESPONSIBLE.

Blamed for the Failure of a Bank at Pleasanton, Ia.

Des Moines, Ia., Oct. 25.—S. F. Shaw, cashier of the bank at Pleasanton, Ia., which made an assignment recently, has been held to the grand jury at Leon, for responsibility for the bank's failure. Shaw is accused of having borrowed \$8,000 from the bank on his individual note without giving security and of not being able to explain what became of the money. It is stated the bank was able to pay out \$4,000.

FIFTH FATALITY OCCURS.

Another Victim of Fight at St. Louis Is Dead.

St. Louis, Oct. 25.—The fifth fatality as a result of the battle last Friday between detectives and train robber suspects occurred Monday night, when William Morris, alias C. C. Blair, a confessed train robber, died at the city hospital. The other victims of the shooting are John J. Shea, Thomas Dwyer and James McCluskey, detectives, and Al Rosebauer, who the officers were trying to arrest.

SHAKES ENTIRE CITY.

Terrific Explosion of Powderhouse Near Marshalltown, Ia.

Marshalltown, Ia., Oct. 25.—The powderhouse of Abbott & Son in the suburbs of Marshalltown, containing tons of powder and dynamite, was blown up early in the day, shaking the entire city and blowing out windows and doors for blocks. It is believed to have been caused by two tramps seen about the place, of whom no trace can now be found. There were no fatalities except the tramps.

Negroes Rob a Safe.

Kansas City, Mo., Oct. 25.—Two unmasked negroes entered the Overland ticket office Monday night, overpowered the clerk, C. D. Jewett, robbed the safe of several hundred dollars and escaped. No arrests have been made.

FAIRBANKS AT COLUMBUS.

Large Audience Grooms the Candidate in the Ohio Capital.

Columbus, O., Oct. 25.—Senator Charles W. Fairbanks of Indiana, Republican nominee for vice president, concluded a strenuous day of campaigning with a speech Monday night in the Columbus auditorium before an audience that packed the floors and galleries of that building. Throughout his tour of Ohio Monday, which began across the Ohio river from Wheeling and ended in the capital city last night, the senator was accompanied by Governor Myron T. Herrick of Ohio, who also made several addresses. Michigan will be traversed by Senator Fairbanks Tuesday.

AN UNUSUAL SPECTACLE.

Woman Arraigned on Charge of Conducting Registration Frauds.

New York, Oct. 25.—The unusual spectacle of a woman arraigned in a police court charged with registration frauds was witnessed here Monday. The prisoner was Katie Hicks, aged thirty-five, who is the lessee of three lodging houses on the lower West Side. From these three houses, according to complaint, 125 men are registered, and it is alleged that between 60 and 70 of the registrations are fraudulent. According to the story told in court, the prisoner has been active in politics for many years. The prisoner was held in \$1,500 bail.

RAILROAD MAN MAY DIE.

Tries to Commit Suicide After Shooting at Two Other Men.

Minneapolis, Oct. 25.—H. M. Olson, twenty-five years old, who says he is a railroad man, is at the city hospital with a bullet in his liver, and the doctors say he will die. The fatal wound was inflicted by Olson himself while insanely drunk, according to witnesses, at a saloon conducted by Herman Rhine and Emil Lilien at 701 Washington avenue south, at 1 o'clock Tuesday morning, after an unsuccessful attempt to kill both proprietors of the place.

ON DIVORCE QUESTION

EPISCOPAL HOUSE OF DEPUTIES AND HOUSE OF BISHOPS FINALLY AGREE.

STRICT CANON IS ADOPTED

WILL PROBABLY MAKE REMARRIAGES OF DIVORCEES IN CHURCH VERY RARE.

Boston, Oct. 25.—An agreement on the divorce question was reached Monday by the house of bishops and the house of deputies of the Episcopal general conference after many days of discussion. That section of the canon bearing directly upon the remarriage of divorced persons which was amended by the bishops Saturday, assented to by the deputies Monday and becomes effective at once, is as follows:

"No minister, knowingly, after due inquiry, shall solemnize the marriage of any person who has been or is the husband or the wife of any other person living, from whom he or she has been divorced for any cause arising after marriage, but this canon shall not be held to apply to the innocent party in a divorce for adultery, provided, that before the application for such remarriage a period of not less than one year shall have elapsed after the granting of such divorce and that satisfactory evidence touching the circumstances in the case, including a copy of the court's decree and record, if practicable, with such proof that the defendant was personally served or appeared in the action be laid before the ecclesiastical authority having taken legal advice thereon shall have declared, that in his judgment the case of the applicant conforms to the requirements of this canon and provided further that it shall be within the discretion of any minister to decline to solemnize any marriage."

Leading churchmen expressed the opinion that the restrictions placed upon the remarriage of an innocent party to a divorce are so stringent that the remarriage of divorced persons will be rare in the church hereafter.

REV. HENRY FRANCIS TAITT OF CHESTER, PA., WAS MONDAY ELECTED ASSISTANT BISHOP OF SOUTH DAKOTA.

ANDREW CARNEGIE HONORED.

Bessemer Gold Medal Bestowed Upon Him.

New York, Oct. 25.—The opening exercises of the American meeting of the Iron and Steel institute, the second meeting which this international organization has ever held on American soil, were held Monday night. The session was marked by the presentation to Andrew Carnegie of the highest honors that the institute can bestow, the Bessemer gold medal. Andrew Carnegie is the first American to become president of the organization, its membership being chiefly made up of Englishmen. The award Monday night was made because of his life work in the development of the iron and steel industry of the world.

President Farnes of the board of aldermen, on behalf of Mayor McClellan, welcomed the foreign visitors to this city. Mr. Carnegie in reply returned thanks for the cordial invitation extended.

Sir James Kitson, former president of the institute, delivered the speech of presentation. After saying that the Bessemer medal had been given in years past to such prominent Americans as Abram S. Hewitt and Peter Cooper, he paid a tribute to the ability of Mr. Carnegie in the development of iron products into marketable products. Mr. Carnegie made a feeling reply in accepting the medal.

CHARGED WITH MURDER.

Homer D. Wright Under Arrest at Ottumwa, Ia.

Des Moines, Ia., Oct. 25.—Homer D. Wright was arrested at his home in Ottumwa, Monday, charged with the murder of Vary Chester, the woman who was killed in that city Saturday night. Wright is said to have been in the house at the time of the murder, which is now thought to have been committed in a free for all fight. The position of the wound makes it probable that it was inflicted by a left handed man. Wright is left handed. Blood was found on his clothes.

EARELY ESCAPES ASSAULT.

Crowd of Britons Tries to Harm Russian Ambassador.

London, Oct. 25.—Count Benckendorff, the Russian ambassador, returned to London Monday night from celebrating his silver wedding with his wife's relatives in Silesia and barely escaped assault from a crowd at the Victoria station, which followed him almost into the embassy. Fortunately for the issue of peace or war, nothing resulted; yet, throughout the night a special force of police was compelled to guard the Russian embassy.

Count Benckendorff has been always regarded in official circles here as a friend of peace, and he was as much opposed as was Count Lamsdorff to the Russo-Japanese war. Indeed, he is almost an Anglophile in sentiment. There is no doubt that Count Benckendorff was deeply hurt by last night's demonstration. After escaping from the hostile crowd that met him at the station, he drove at a gallop to the embassy. Half a dozen rowdies followed but the ambassador arrived unharmed. His noisy pursuers encountered a cordon of police that had been hurriedly dispatched to guard the embassy. After singing "Rule Britannia" the disturbers dispersed, no arrests being made; but the police continued to guard the embassy as if it were a British fortress.

ARMIES REMAIN QUIET

NO SERIOUS ENCOUNTERS BETWEEN RUSSIANS AND JAPS IN MANCHURIA.

INES ARE NOT FAR APART

OUTPOSTS WITHIN RIFLE RANGE OF EACH OTHER ALONG THE SHAKHE RIVER.

There has been no resumption of fighting of a general character on the Shakhe river. Both Russians and Japanese are entrenching their positions. The outposts are within 700 yards of each other and less than four miles separate the main armies. A scarcity of fuel is causing the soldiers to suffer greatly since cold weather set in.

St. Petersburg has information that the Japanese army confronting General Kuropatkin is receiving reinforcements from the Port Arthur army and direct from Japan.

CROSS SHAKHE RIVER

RUSSIANS AGAIN RESUME THE ADVANCE AGAINST THE JAPANESE POSITIONS.

Mukden, Oct. 25.—The Russian forces on the left again crossed the Shakhe river on Oct. 21 and are now pushing forward towards the Japanese positions; entrenching as they advance. The same time, Russian batteries are continually bombarding the Japanese who can be plainly seen busily engaged in the making of trenches.

This plan of the Russians to entrench as they advance, was adopted because it was found in the recent big battle that it was impossible to advance without some protection in the face of the Japanese shrapnel fire.

The Russian batteries are now better screened than they were in former engagements, but the troops on both sides apparently make no great efforts to conceal themselves.

The Russians and Japanese armies are now separated by less than four miles and the whole field of operations of both armies can be plainly seen.

The question of fuel is becoming a serious one. The greater part of the Chinese corn has already been used for fuel and for fodder, while most of the houses in the Chinese villages have been destroyed and their wood used for fuel. Without fuel and without shelter beyond that provided by tents, it seems impossible for the armies to remain in the field during the increasing cold weather.

NO NEWS OF IMPORTANCE.

Only Factor in Far Eastern War Is Japanese Reinforcements.

St. Petersburg, Oct. 25.—There is no news of immediate importance from the far East. The indications are that both sides are heavily entrenching, though it is believed that General Kuropatkin will be ready for a forward move at an early moment unless heavy Japanese reinforcements compel him to remain on the defensive. Reports that Japanese reinforcements are arriving, taken in connection with the enforced inactivity of the Russian forces on account of the weather, are felt to be a grave factor in the situation. There is reason to believe that the Japanese are drawing heavily upon the Port Arthur army as well as on Japan in hopes of securing a numerical superiority that will enable Field Marshal Oyama to inflict a crushing blow upon General Kuropatkin when hostilities are resumed.

HEAVY LOSS BY FIRE.

Business Block at Troy, O., May Be Totally Destroyed.

Troy, O., Oct. 25.—A second large fire in twenty-four hours broke out in Brown's block on Public Square at midnight, and at 1:30 a. m. the whole block was in flames. The building is valued at \$75,000, with \$45,000 insurance. The building will probably be totally destroyed. The Plaza fire department was summoned. Probable loss, \$250,000. The loss at the fire of Monday noon was \$75,000. The two conflagrations will prove disastrous to this place.

RARELY ESCAPES ASSAULT.

Crowd of Britons Tries to Harm Russian Ambassador.

London, Oct. 25.—Count Benckendorff, the Russian ambassador, returned to London Monday night from celebrating his silver wedding with his wife's relatives in Silesia and barely escaped assault from a crowd at the Victoria station, which followed him almost into the embassy. Fortunately for the issue of peace or war, nothing resulted; yet, throughout the night a special force of police was compelled to guard the Russian embassy.

Count Benckendorff has been always regarded in official circles here as a friend of peace, and he was as much opposed as was Count Lamsdorff to the Russo-Japanese war. Indeed, he is almost an Anglophile in sentiment. There is no doubt that Count Benckendorff was deeply hurt by last night's demonstration. After escaping from the hostile crowd that met him at the station, he drove at a gallop to the embassy. Half a dozen rowdies followed but the ambassador arrived unharmed. His noisy pursuers encountered a cordon of police that had been hurriedly dispatched to guard the embassy. After singing "Rule Britannia" the disturbers dispersed, no arrests being made, but the police continued to guard the embassy as if it were a British fortress.

His Business.

Housewife (sarcastically)—What is your business, man? I suppose you have a business. Tired Tiffins (with delight)—Yes, igitly. I'm a corporal of industry.—Pittsburg Post.

Prejudices are spiritual rebels and raise seditions against the understanding.—Ben Jonson.
